Think of Jewellery Making, Think of EAGLE.

Our Special Service for Jewellery Factory Setup

Hollow Para (Balls) Making Factory Setup

Hollow Bangles / Rings / Earring Factory Setup

Automatic Soldered Pipe Making Factory Setup

Gold & Silver Coin Minting Factory Setup
(Full Setup from Melting to Coin Packing)

Laser Cutting / Welding / Marking
Full Setup for Jewellery Factory

Special Light Weight Casting Jewellery Factory Setup

Threading Factory Setup (South and North Type)
(For making threaded / rolled pins for Earrings
and For Making Threads in Earrings' Butterflies)

Latest Machines for Technology Upgradation

1. Dust Collector With 4 Filter System
2. Easy Set Tube Forming Machine
3. Supreme Roll Press With Speed Control
4. Vapor Honing Machine
5. 3 D Printer
6. Micro Dull Sand Blaster With Wet & Dry Two in One System
7. Laser Marking, Laser Cutting, Laser Welding
8. Investment Powder Mixer.

16.0451
Electric Tube Forming Machine
- With HMI Drive Easy Set System

16.0431
Electric Tube Forming Machine
- With Speed Controller AC Drive
- With Italian Motor & Italian Gear Box

16.0471
3 in 1 Electric Tube Forming Machine
- Coil Forming and Straight Pulling
- With In-built Strip Cutting System
- With Italian Motor & Italian Gear Box

16.0402
Electric Tube Forming Machine
- Standard Model with AC Drive

16.0301
Manual Tube Forming Machine
- Hand Powered with Gear Box
- Big Model Also Available for Quick Production

Standard Dies
Diamond Polished Inside

16.0201 and 16.0207
Tube Forming Dies
- More than 100 designs available
for Tube Forming and Strip Profiling

Carbide Dies
Carbide Core For
Long Lasting Accuracy

16.0211
Hollow Tube Twister Dies
- Make Creative Designs On
Soldered Hollow Pipes

16.0251 and 16.0271
Tube Forming Spindles (Round and Oval)
- Spindles for coiling of shaped hollow tubes
to make Bangles, Rings, Earrings and Hollow Chains.

16.0161
Electric Strip Cutter Machine
- With HMI Drive Easy Set System

16.0151
Electric Strip Cutter Machine
- Available With or Without Speed Controller

16.0102
Manual Strip Cutter Machine

16.0503
Tube/Hollow Pipe Cutter Machine
- For Coil Cutting
- Dust Collection Box (Optional)

16.0507
Tube/Hollow Pipe Cutter Machine
- For Straight Pipe Cutting
- Dust Collection Box (Optional)

SOLDERED PIPE MAKING MACHINERY

Export in 60+ Countries

16.0026

Hollow Pipe Making Machine
- With In-built Strip Cutting System
- Automatic Soldering System
- 5 Roller System

16.0023

Hollow Pipe Making Machine
- With In-built Strip Cutting system
- 2 Roller System

16.0092

Pipe Annealing Machine

16.0556

Electric Drawbench
- Available with or without
Speed Controller Facility

16.0201

Shaped Pipe Making Dies

00.1102

Pipe Finishing Carbide Dies

HYDRAULIC PRESS (CUTTING / STAMPING / MINTING)

Export in 60+ Countries

60.1412, 60.1415, 60.1420
High Speed Die Cutting Press
- Push Button Stroke System
- Available 5 Ton, 10 Ton, 20 Ton

60.0333 to 60.0337
Hydraulic Press "H" Type
- Manual Lever Stroke System
- Available 25 Ton to 100 Ton Models

60.0451 to 60.0461
Hydraulic Press "H" Type
- Auto Inject System
- Push Button Automatic Stroke System
- Electric Control Panel
- Available 25 Ton to 350 Ton Models

60.1027 and 60.1032
Hydraulic Press "C" Type
- Push Button Automatic Stroke System
- Electric Control Panel
- Available 20 Ton / 40 Ton Models

60.0333
Stamping (Thoppa) Dies Embossing
Compact Hydraulic Press
- Available 20 Ton Model

Coin Dies

Biscuit Die

* Auto Injector Control Facility, Electric Control Panel & Safety Guard / Sensor Available on Request
Size Available As per Customer Requirement

48.4110, 48.4106, 48.4105
Eagle Laser Cutting & Marking Machine
- Available 100W, 60W and 50W Models

48.5102, 48.5103, 48.5105
Eagle Compact Table Top Laser Marking Machine
- Available 20W, 30W, 50W
- 50W can do laser cutting work

48.4721
Vise for Laser Marking & Cutting

48.4302 to 48.4305
Eagle Laser Marking Machine
- Available 20W, 30W, 50W, 100W Models
- 50W and 100W can also do Laser Cutting Work

48.1233
Eagle Laser Welding Machine
- Available 230W

Laser Cutting

Laser Marking (Designing)

48.4518 and 48.4520
Rotary Laser Marking Attachment
- Available Small and Big 2 Sizes

48.4511
Additional Fume Extractor (Dust Collector)
For Laser Cutting & Marking Machine

SAND BLASTING & DULL MACHINERY

Export in 60+ Countries

Frosting Media

26.084411

Sand Blaster Heavy Model

- Micro Dull Pen for Dull on Specific Designs Only
- Vacuum Suction System for Clear Visibility Inside Work Chamber
- Heating & Moisture Remover System for Uniform Effect
- Big size Chamber for work comforts

26.0824

Sand Blaster Compact Model

- Micro Dull Pen for Dull on Specific Designs Only
- Vacuum Suction System for Clear Visibility Inside Work Chamber
- Heating & Moisture Remover System for Uniform Effect
- Compact Model for Less Space require

26.0834

Sand Blaster for Micro Dull

- Dry and Wet Both Media in 1 Machine (2 in 1 System)

26.0832

Water Sand Blaster
- Big Chamber Size

59.0408

Ball Dull Machine

- Quick and Uniform Diamond Dull on Balls

DOUBLE HEAD ROLL PRESS

Export in 60+ Countries

64.5902
Eagle Supreme Heavy Duty
Double Head Rolling Mill
- With Speed Controller Drive
- Automatic Lubrication System

64.5776 and 64.5766
Double Head Rolling Mill Premium Model
- Available Roller Sizes 6" x 3" and 5" x 2.5"

64.5779, 64.5786, 64.5789
Double Head Big Size Heavy Duty Rolling Mill Premium Model
- Available Roller Size 6" x 4", 8" x 4" and 8" x 5"

Optional
Round Wire Drawing Attachment
available for all
Double Head Electric Rolling Mills

64.5706, 64.5716, 64.5726
Double Head Rolling Mill Standard Model
- Available Roller Sizes 4" x 2.25", 5" x 2.5"
and 6" x 3"

SINGLE HEAD ROLL PRESS

Export in 60+ Countries

64.5813, 64.5814, 64.6111-W, 64.6112-W

Single Head Big Size Heavy Duty Rolling Mill
 - With Dual Speed Motor and Gear Box
 - Available Roller Sizes 6" x 4", 8" x 4",
 8" x 5" and 10" x 5"

64.5586 & 64.5596

Single Head Premium Rolling Mill
 - With Gearbox
 - Available Roller Sizes 5" x 2.5"
 and 6" x 3"

64.5503, 64.5533, 64.5563

Single Head Standard Rolling Mill

- Stand Model
 - Available Roller Sizes 4" x 2.25", 5" x 2.5"
 and 6" x 3"

Optional
 Available Standard / Customized Patterns
 Side Rollers (Collets) for all models of
 Rolling Mills

64.5689

Eagle Special 3" Electric Rolling Mill
 - Specially Designed for Design Work

64.5483

Single Head 3" Electric Rolling Mill
 - Standard Model

25.0535 and 25.0538

- 3 in 1 Bottom Pouring Induction System Vacuum Casting Machine**
- Melt, Mix and Cast (3 in 1)
 - SS (Stainless Steel) Chamber
 - Vibration System for Accurate Debubbling
 - Available 500 Gms. / 1 Kg. Gold Capacity

25.0531, 25.0532, 25.0533

- 3 in 1 Bottom Pouring Vacuum Casting Machine**
- Melt, Mix and Cast (3 in 1)
 - SS (Stainless Steel) Chamber
 - Vibration System for Accurate Debubbling
 - Available 1 Kg. / 2 Kg. / 5 Kg. Gold Capacity

25.0506, 25.0507, 25.0509

- 3 in 1 Manual Pouring Vacuum Casting Machine**
- Melt, Mix and Cast (3 in 1)
 - SS (Stainless Steel) Chamber
 - Vibration System for Accurate Debubbling
 - Available 1 Kg. / 2 Kg. / 5 Kg. Gold Capacity

25.0441

- Automatic Flask Unbedding and Casting Tree Cleaning Machine**
- Flask Cleaning and Casting Tree Cleaning (2 in 1)
 - Automatic Cleaning System Saves Labour Cost & Time

26.0230

- Vapor Honing Machine (Pickling Machine)**
- Available in SS Body and PP Body

25.0591
Investment Powder Mixer with Automatic Flask Filling System
- Vacuum System
- Available Standard and Customized Models

25.0216
3D Printer
- CAD and Rapid Prototyping of Jewellery Casting Models

25.0401 and 25.0411
Water Jet for Casting Tree Cleaning
- With Italian Pump Inside
- Available SS Body and FP Body

25.0551 to 25.0560
Burnout Furnace Digital with Programmable Step Timer
- Optional Wax Elimination Tray
- Optional Air Circulation System

25.0202
Digital Wax Injector

25.0121 to 25.0123
Digital Vulcanizer (Die Press)
- Available 3 Platform Sizes

25.0208
Digital Wax Injector
- Imported Model
- With Auto Clamp System

25.0271
Diamond Setting Machine on Wax Models

74.0223, 74.0224, 74.0225
Jewellery Finisher Machine
 - Available 3 Models
 - Specially Designed for Hollow and Casting Jewellery
 - Special Models for SS or Ceramic Media

74.0101 to 74.0107
Rectangular Vibrator Polisher
 - SS Body
 - Available for up to 8 Kg. of Jewellery Capacity
 - Optional PP / PU / Rubber Coated Tub

74.1816, 74.1826, 74.1856, 74.1876
Vibro Finishing Machine (Ball Burnishing)
 - Available With or Without Auto Separation System
 - Available Sizes : 40 Liter, 80 Liter, 160 Liter and 350 Liter

74.0341 to 74.0343
Magnetic Polisher
 - SS Body
 - Reverse & Forward Programmable
 - Available for up to 2 Kg. of Jewellery Capacity

74.0321 to 74.0325
Magnetic Polisher Premium Model
 - 3 Pulse Speed Controller
 - Reverse & Forward Programmable
 - Available for up to 5 Kg. of Jewellery Capacity

20.2101, 2106 & 2107
Vibrator Polisher Shampoo (Regular, Super Shine & Deburring)

26.0103 to 26.0125

Ultrasonic Jewellery Cleaner

- With Top for Easy Drainage
- Available with tank capacity from 3 Liter to 25 Liter
- We can also customize machine according to special needs of users

26.0707 and 26.0709

Steam Cleaner

- SS Body
- Available with 14 Liter and 9 Liter Capacity

26.0611 to 26.0613

Hand Wash Basin with Gold Dust Settling Tank

- With Italian Pump Inside
- PP (Polypropylene) Body
- Available with 1 Tap, 2 Tap or 3 Tap in Basin
- With 1 Micron Filter

26.0601 to 26.0603

Hand Wash Basin with Gold Dust Settling Tank

- With Italian Pump Inside
- SS (Stainless Steel) Body
- Available with 1 Tap, 2 Tap or 3 Tap in Basin

POLISHING SYSTEMS WITH DUST COLLECTOR

Export in 60+ Countries

59.0101

Single Station Polishing System
with Dust Collector
- Double Filter System

59.0111

Double Station Single Motor Polishing
System with Dust Collector
- With Double Filter System

59.0158

Inside Outside Floor
Dust Collection Accessories

59.0141

Filing Table with Dust Collector

59.0121

Double Station Double Motor Polishing
System with Dust Collector
- With Double Filter System

59.0126

Eagle Premium Polishing System with Dust Collector
- 4 Filter System
- Double Motor
- Double Station (Double Hood)

WIRE DRAWING & THREADING MACHINERY

Export in 60+ Countries

80.0332
12 Pass Wire Drawing Machine
- With Dual Speed Motor
(Optional Speed Controller AC Drive)

80.0301
6 Pass Wire Drawing Machine
(Optional Speed Controller AC Drive)

80.0203
Single Pass Wire Drawing Machine
- With Reverse & Forward

80.1102
Wire Drawing Dies
- Available with Diamond or Carbide Dies
- Available in SS or Brass Body

80.6107
Threading Machine for
Continuous Deep Thread
- For making Earring Pins

80.6151
Threading Machine
- For making Tube Earring Post

80.6106
Threading Machine for
Cut Piece Thread
- For Half & Deep Threading on
Earring Post

31.0761
5-Axis CNC Ball Facing Machine
For Diamond Cut Designs on Balls and Pipes

54.0501
Ball Making Machine for Making
Balls from Soldered Pipes
Available Full Setup for Ball Making

31.0561 and 31.0566
Double Head Facing & Milling
Machine for Diamond Cut
Available Standard & Zig-Zag Models

16.0701
Bangle & Ring Inside Outside
Turning Machine

25.1677 to 25.1689
Melting Furnace with Silicon Carbide
Heating Element (Quick-Melting)
1 Kg. to 100 Kg. Gold Capacity

25.1631 to 25.1637
Making Furnace Standard
Digital Model
500 Grams. to 10 Kg. Gold Capacity

40.0211
External Melting Furnace
Digital Model

25.1801 to 25.1806
Melting Furnace Air & Gas Fueled
Table Top Model
1 Kg. to 10 Kg. Models

57.0302 and 57.0304
Four in One Rhodium Plating Plant
With Magnetic Stirrer System
1 Liter and 2 Liter Models

57.0302
Pen Plating Machine
Precision Digital Model
25 ML. Glass Beaker

60.0150 to 60.0179
Die-Curling Hand Press
Available with Handle or Fly Wheel
Available 1 No. to 9 No. Models

60.0123, 60.0126, 60.0129
Flywheel Hand Press
Double Body
Available 3 No. / 6 No. / 10 No.

16.1601
Ring Rounding Machine
with 12 Dies

16.1501
Bangle Rounding Machine
with 17 Dies

16.1234
Bangle Expanding Machine
24 strips (Premium)
Outer half Round Shape

16.1231
Bangle Expanding Machine
24 strips (STANDARD)

16.1311
Bangle & Ring
Drawing Machine
Premium Model

70.0101 & 70.0151
Stamping Machine
Also Available Heavy Model

16.0601
Hydraulic Bangle Cuffer
with Bangle Design Die Press

66.5403
Rolling Mill Hand Powered
India Type With Gear Box
Available Size 5"

60.0431 to 60.0041
Electric Power Press
Available Capacity 3 to 50 Ton

64.7101 to 64.7103
Combing Machine
Two Roll & Four Roll Big & Small
Extra Rolls Also Available

64.7101, 64.7120 & 64.7121
Cartridge Pearl Shape Dies
Available With & Without
Tempering

74.0401 to 74.0403
Dryer Machine
Stainless Steel Body 3-5-8 Kg
Capacity Available
