Better Living...

OPTIMUM LIGHT
ENHANCED EFFICIENCY

Double Glazed Window with Integral Venetian Blinds

- Team Classic is a developer and manufacturer of windows with blinds in insulating glass systems.
- It provides innovative shading solutions for high performance, in best quality standard, or completely custom made.
- We have an experience of more than 24 years of technical expertise in the glass and glazing industry.

ALPHALight

INNOVATION BUILT-IN

- Innovative design with optimum light control, functional architecture and fuss-free maintenance.
- Integrates an electrically operated louvre within the cavity providing an airtight environment, immune to dust, moisture and abuse.

DESIGN FREEDOM BUILT-IN

- Clutter breaking decorative design and finish
- Delivering performance whilst reflecting the contemporary architectural and interior design trends.
- These blinds form an elegant yet discreet sun shield.

ENERGY EFFICIENCY BUILT-IN

- We insulate our roof and our walls but not our windows which can lose up to 49% of heat in winter and gain 87% of heat in summer.
- Our Integral blinds counter the effects of bright sunlight

ZERO MAINTENANCE BUILT-IN

- Sealed in hermetic chamber eliminating the need for cleaning and maintenance.
- And with no hanging cords or exposed slats, they stay clean, are fully controllable and, critically damage
