How it started

It all started not long ago, out of our passion for jewellery and E-commerce. At Jewellerskart, our focus is not just to provide distinctive products, but also a whole variety of digital e-commerce solutions for our clients.

We want more people to be able to start their own jewellery business, without having to make a big investment upfront, and incur in fixed costs such as a physical shop, employees, and expensive logistics.

It is with that conviction that we decided to innovate and offer a turn-key solution, providing a professional and customized ecommerce website, where you can publish both our products, or any other products you have in stock as well.

Our drive and vision are what got this business started, and that's how Jewellers Kart was finally born, with the strong desire to change the rules of this industry, by allowing more people to own their own jewellery store, and empowering existing jewellers with the technology and product variety they need to reinvent their business. All this while lowering operational costs, making it a win-win for everyone involved.

Let's change this industry together, one day at a time.

OUR MISSION

We are committed to provide distinguished and high-quality jewellery through an exclusive online platform, where jewellers worldwide can get the best B2B deals, as well as a series of customized and turn-key e-commerce solutions to sell their merchandise.

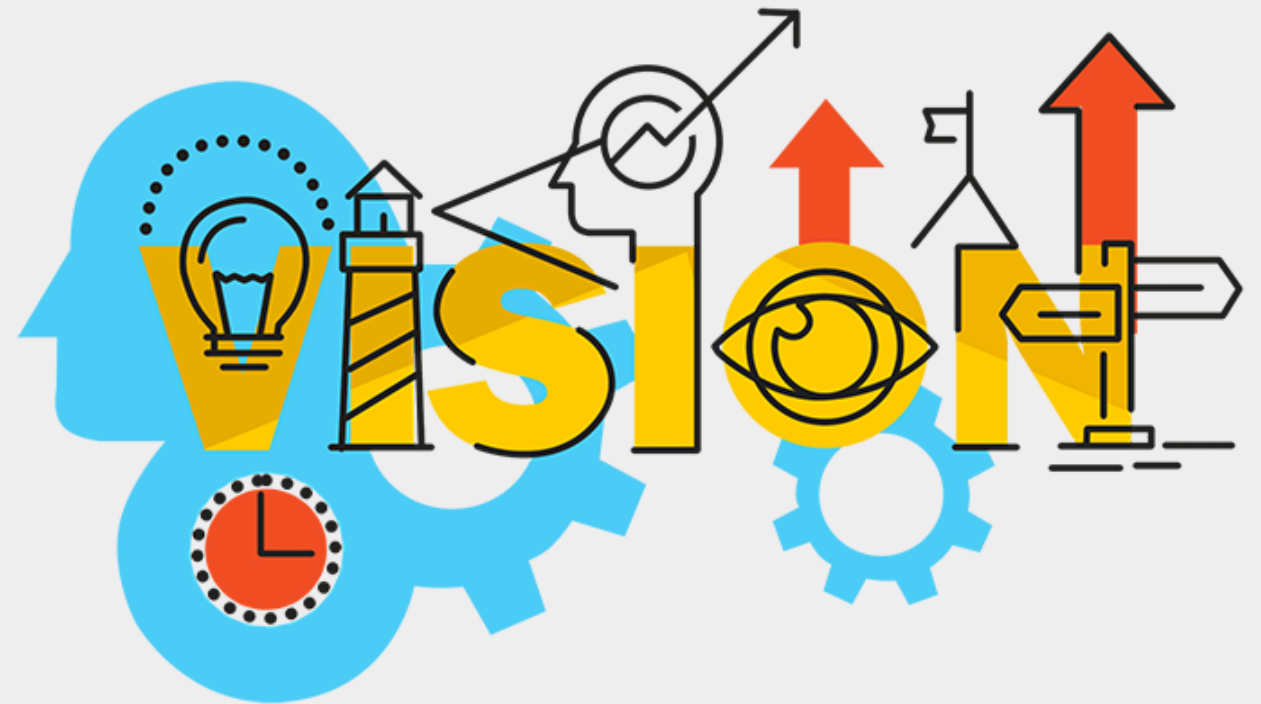

Our goal is to develop long-term, and trust-based relationships with our strong base of loyal customers.

OUR VISION

Becoming a one-stop digital solution for jewellers worldwide, as well as a trend setter within our industry, empowering our valued clients with unique products, as well as with the digital and commercial tools they need in order to take their business to the next level.

We look forward to build our success and reputation based on a solid set of values, such as quality, professionalism and stellar customer service.

WHY US?

We know that when it comes to wholesale jewellery, there are lots of options out there. That's why at JewellersKart we decided to reinvent this industry by focusing on what's most convenient for you.

We're all about blending old traditions with modern-day fashion trends to make our jewellery beautiful, unique, and most of all, inspirational. Our critical eye for details, as well as our unnegotiable passion for craftsmanship, means every single one of our products is a statement of elegance.

But we are about more than just jewellery. We also provide you with a modern ecommerce website, completely branded and tailored just for your needs, so you can start your own business, or modernize your existing one by selling both your existing products, and any other products in our exciting catalogue.

Our high value solution includes an extensive catalogue of over 20.000 products, paired with a secure payment gateway, and the implementation of tested social media strategies to potentiate your business. We also support WhatsApp, Social media, Email and SMS integration, combined with the 24/7 professional assistance our customer support team.

Now you can provide the best shopping experience for your customers, and lower your operational costs, all with one simple, affordable, and efficient turn-key solution.

Check our comprehensive catalogue and start getting inspired today!

OUR VALUES

QUALITY

We always strive to offer the best product and service quality, working towards creating a consistent reputation that our clients can come to rely on when they look for a key partner.

HONESTY

We're honest and direct, and stick to our word, owning any issues or mistakes we make, and showing how we will address them in a clear, professional, and straightforward way.

HARD WORK

We make hard work the steppingstone for everything we do. Leading by example, always delivering on time, and going the extra mile to offer the best service for our clients.

TRUSTWORTHY

We want to become a brand you can trust, developing strong relationships with our customers, backed up by the quality of our products. This is not an option, but an obligation in the jewellery industry.

CLIENT ORIENTED

We always make it about our clients, they are the only ones who at the end of the day, will define how successful we are, and how accurately we've accomplished our job.
