TESTIMONIALS

I am working with Engiexpo since last many years. Every time they are improving their quality. The quality of clients that Engiexpo brings is different and is doubled every time.

Engiexpo is the biggest name in the exhibition field. The team and management is very good. The quality of the visitors is very good compared to other exhibitions.

Very nice experience with Engiexpo. The customers that visit here are of exact requirements. We received very good response and we have sold lot of machines through this expo.

We are connected with Engiexpo since last 3 years and received a very good response. Last year we have participated in Ahmedabad, Rajkot and now in Vadodara. We are also participating in upcoming exhibitions.

We are first time participating in Engiexpo. Engiexpo is working day in and day out in the market. Engiexpo gave a clear visibility of the market. The visitor that come here are professionals.

We have a very good experience with Engiexpo. We have received a global reach. And it had a very good impact on our business.

Last year we participated in Engiexpo Ahmedabad & there we received a very good response. We have participated this year too. The visitor rush is very good on the first day itself. Lot of inquiries are generated.

Overall experience as a suppliers is very good. We are willing to participate in the other upcoming expos of Engiexpo as well.

The crowd is quite good here at Engiexpo. The barricade system is very good because everyone has to pass through all the stalls.
