Clients' Commendations

Planet Jashn's thematic photo booth and studios are a big draw. They provide a new dimension to any occasion, an attractive break from the floral decor and serve as great backdrops for cherishable photographic keepsakes by the event attendees. As a B2B solution, I've always found their photo concepts worth an investment and something which are highly appreciated by the clients for their creativity and guest involvement.

Mr. Harneel Bhatia
Director, Yanta Events

We are proud to be associated with Planet Jashn since 2012. They have been doing a fantastic job with our event "Krackenjack Carnival". Delightful décor and hassle free experience has been provided to us each time. They truly capture the essence of the carnival theme that we intend to evoke. So, if you need a proficient team to design your "happy moments" for everlasting memories, make them a part of your celebration!

Chandrika Behl
Director, Exhibitions India Group

Planet Jashn is the first and last word in theme parties. Be it a corporate function for my company, my grandson's birthday, or my daughter's pre-wedding function, they had an apt theme for every occasion and every celebration. Rather, we end up being spoilt for choices because of their amazing and innovative array of thematic concepts.

Mr. S.K. Gupta
Director, Weblink
