ABOUT US

We are manufacturers of different type of material handling systems like overhead cranes, Jib Cranes, beam trolley, tools and tackles, customized grippers, lift etc and customized solution provider for customers engineering requirement.

OUR VISION & MISSION

We design, manufacture & install material handling equipment to handle unit, bulk & loose material for all industrial application. The company maintains a growth philosophy that promotes continual employment opportunities for employees, expanded capabilities for customers & increase in business for suppliers.

- ➔ **Customer satisfaction** is the base pillar for all our actions, now and in the future.
- ➔ **Trust, honesty & openness** create as encouraging & comfortable working environment ensuring productivity & well being at work .
- ➔ **Continuous development** ensures our successful future through training developing our equipment & focusing result oriented project management to achieve maximum customer satisfaction.
- ➔ **Commitment** to complete our work efficiently is built on accountability

WHY CHOOSE US ?

- ✓ BEST SERVICES AND QUALITY
- ✓ 100% GUARANTEED SERVICES
- ✓ CONSIDERING CUSTOMER SATISFACTION
- ✓ CUSTOMER RELATIONSHIP

PRODUCT RANGE

STANDARD SOLUTIONS

ROPE HOIST

EOT CRANE

JIB CRANE

CHAIN HOIST

FABRICATED STRUCTURE

BEAM TROLLEY

GOODS LIFT

KBK RAIL SYSTEM

OVERHEAD CRANE

UNDERSLUNG CRANE

EOT CRANE

HOT CRANE

1. **EOT (SINGLE GIRDER / DOUBLE GIRDER)**
 - Capacity ranging from 1t to 25t with required SPAN and HOL.
2. **UNDERSLUNG CRANE**
 - Capacity ranging from 1t to 10t with required SPAN and HOL.
3. **HOT (HAND OPERATED MANUAL) CRANE**
 - Capacity ranging from 1t to 10t with required SPAN and HOL.

JIB CRANE

COLUMN MOUNTED

WALL MOUNTED

ARTICULATED TYPE

1. COLUMN MOUNTED JIB CRANE

- Capacity ranging from 0.125t to 5t with required BOOM length and HOL.

2. WALL MOUNTED JIB CRANE

- Capacity ranging from 0.125t to 5t with required BOOM length and HOL.

3. ARTICLATED JIB CRANE

- Capacity ranging from 0.125t to 0.5t with up to 3mtr BOOM length and 4mtr HOL.

KBK XY RAIL SYSTEM

KBK RAIL SYSTEM

1. KBK RAIL SYSTEM (STEEL & ALUMINIUM) & ITS FABRICATION STRUCTURE

- Capacity up to 2ton.
- Max. available span is 6mtr
- Long travel in infinite
- With fabrication structure
- Available with different make electric chain hoist

HOIST & BEAM TROLLEY

WIRE ROPE HOIST

BEAM TROLLEY

CHAIN HOIST

1. ELECTRIC WIRE ROPE HOIST

- We stock and distribute electric rope hoist of various reputed make ranging in capacities from 1t to 10t.

2. ELECTRIC CHAIN HOIST

- We stock and distribute electric chain hoist of various reputed make as per requirement ranging in capacities from 125kg to 5000kg.

-----BEAM TROLLEY_(MANUAL / ELECTRIC / GEARED)-----

- We manufacture beam trollies with capacity up to 3ton for adjustable beam flange width.

LIFTING EQUIPMENT

SCISSOR LIFT

GOODS LIFT

PALLET TUCK/STACKER

- We provide the material lifting solutions as per clients requirement.
- Capacity- up to 2ton
- Application- For different material handling application such as material shifting, moving transferring etc.
